**See Ya There!!**

(Food for Thought): Kevin has been working on the web site over the last year and has made good progress. However, we need input from our chapter members to keep the site fresh. We haven't had much input for items, wanted or for sale, or for added member projects. Maybe we can add a section for hints or tips for restorations on the website. The largest item we need is a digital photo of every chapter members' car (s), regardless of the state it may currently be in. We discussed during our last meeting the building of our own chapter calendar of members' cars instead of buying from someone else. We need those digital photos to accomplish this!! We can put group car photos or a collage of photos on every month. You can send your photos attached to an e-mail to our club address, Kevin's address or mine. Thanks for your anticipated cooperation and input as a chapter member!! Keep cruising!! Bill McDowell
